LIQUID FENCE®

Deer&Rabbit Repellent

Repelente para venados y conejos listo para usar$_2$

The Liquid Fence Story

In 1980, a retired chemical engineer, moved to the Pocono Mountains of Pennsylvania. There he became an avid gardener. It took no time to see his plants were being eaten by the "native critters". He tried everything from homemade remedies to costly commercial products to try to stop the damage the animals were causing, but nothing worked. He decided to make his own repellent that would not only really work, but be safe for the environment. After years of experimenting, he finally had success! When he shared it with his friends, they told him it could be the savior of many frustrated gardeners and convinced him to market it. His wife said, "Your repellent works just like a liquid fence". The rest is history!

Works Year Round!

3 Easy steps to guaranteed protection from deer & rabbits!

Directions:

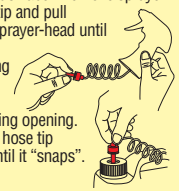
1 **SHAKE WELL before each use!**

2 Adjust nozzle for desired spray pattern.

3 Apply liberally to plants and their perimeter during a dry period. Repeat process 1 week later and then approximately once per month thereafter. Areas where feeding pressure from deer and rabbits is intense, spray **Liquid Fence® Deer & Rabbit Repellent Ready-To-Use$_2$** once a week for 3 weeks and then approximately once per month thereafter. This will "train" the animals to avoid your yard! Please note: when using this product you may notice an odor, however, once it dries, the odor will not be noticeable to humans, but still very noticeable to animals.

To attach sprayer…

1. Slide down product label. Remove sprayer.
2. Grasp red hose tip and pull coiled tube out of sprayer-head until fully extended.
3. Without removing cap from bottle, remove cap sticker and flip-cap, exposing opening.
4. Firmly insert red hose tip into cap opening until it "snaps".



To spray…

1. Adjust nozzle to spray or stream.
2. To prime sprayer, direct nozzle toward surface to be treated and squeeze trigger several times to draw liquid up through length of tube. **Note:** Keeping sprayer head below the level of liquid in bottle will make priming easier.

After use…

Turn nozzle to OFF (**X**) position.

How it works: Homeowners, gardeners, professional landscapers and commercial growers have discovered **Liquid Fence Deer & Rabbit Repellent Ready-To-Use$_2$** stops deer and rabbit damage – naturally! Unlike other deer and rabbit repellents that require the animals to browse to be effective, **Liquid Fence Deer & Rabbit Repellent Ready-To-Use$_2$** works on scent, so deer and rabbits don't even have to take a bite to be repelled. Because the animals' natural aversion to this scent will never diminish, **Liquid Fence Deer & Rabbit Repellent Ready-To-Use$_2$** DOES NOT have to be rotated with other repellent brands.

Active Ingredients: Putrescent Whole Egg Solids 1.040%, Garlic 0.374%, Sodium Lauryl Sulfate 0.040%, Potassium Sorbate 0.495%, Thyme Oil 0.010%
Other Ingredients: 98.041% (Water, Sodium Citrate, Sodium Benzoate, Citric Acid, Xanthan Gum)

KEEP OUT OF REACH OF CHILDREN

CAUTIONARY INFORMATION: This product may be harmful if swallowed. Avoid contact with eyes. If contact with eyes occurs, immediately flush with plenty of water. Seek medical attention if either occurs.

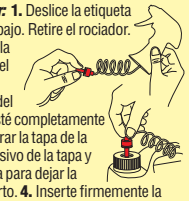
STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in original container, in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40° - 90°F. Keep containers closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away. **CONTAINER DISPOSAL:** Do not reuse empty container. Dispose of empty container as required by municipal or local laws.

LabelRev-10-12-SC

Repele venados y conejos de los jardines ornamentales de paisajismo, flores, arbustos, árboles y enredaderas. • Ecológico: no daña las plantas ni los animales • Seca sin olor • Efectivo durante todo el año • Poder residual y resistente a la lluvia • Cubre aproximadamente 2,000 pies cuadrados

INDICACIONES DE USO: 1. ¡AGÍTESE BIEN antes de cada uso! **2.** Ajuste la boquilla para el patrón de rociado deseado. **3.** Aplique abundantemente a las plantas y sus alrededores durante un periodo seco. Repita el proceso 1 semana después y a partir de entonces, aproximadamente una vez por mes. En áreas donde los venados y conejos suelen comer mucho, rocíe **repelente para venados y conejos Liquid Fence® listo para usar$_2$** una vez a la semana durante tres semanas y a partir de entonces, aproximadamente una vez por mes. ¡Esto "entrenará" a los animales para no acercarse a su jardín! Por favor tome nota: Cuando use este producto usted notará un fuerte olor, sin embargo cuando éste se seque, el olor no será perceptible para humanos, pero sí muy perceptible para los animales.

Para fijar el rociador: **1.** Deslice la etiqueta del producto hacia abajo. Retire el rociador. **2.** Sujete la punta de la manguera roja y jale el tubo enrollado para retirarlo del cabezal del rociador hasta que esté completamente extendido. **3.** Sin retirar la tapa de la botella, retire el adhesivo de la tapa y la tapa que se levanta para dejar la abertura al descubierto. **4.** Inserte firmemente la punta de la manguera roja dentro de la abertura de la tapa hasta que "encaje".



Para rociar: **1.** Ajuste la boquilla para rocío o chorro. **2.** Para cebar el rociador, dirija la boquilla hacia la superficie que se va a tratar y presione el gatillo varias veces para que el líquido suba por todo el tubo. **Nota:** Si mantiene el cabezal del rociador por debajo del nivel del líquido en la botella, el cebado será más fácil. ***Después de usar…*** Gire la boquilla a la posición de apagado (**X**).

MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

INFORMACIÓN DE PRECAUCIÓN: Este producto puede ser dañino si se traga. Evite el contacto con los ojos. Si ocurre contacto con los ojos, lávelos inmediatamente con abundante agua. Busque atención médica si esto ocurre.

ALMACENAMIENTO Y ELIMINACIÓN: No contamine agua, comida ni alimentos al almacenar o eliminar el producto. **ALMACENAMIENTO:** Almacénese en su envase original, en un lugar fresco y seco e inaccesible para los niños y las mascotas. Protéjalo del calor y del congelamiento. Almacénelo entre 4,4° C - 32,2° C. Mantenga los envases bien cerrados para evitar su evaporación. Si ocurre un derrame, dilúyalo con agua y lávelo para eliminarlo. **ELIMINACIÓN DEL ENVASE:** No vuelva a usar envases vacíos. Deseche el envase según las leyes municipales o locales en su área.

SATISFACCIÓN GARANTIZADA: Si por alguna razón usted no está 100% satisfecho, Liquid Fence Co. le reembolsará el precio de venta al detalle sugerido, o le reemplazará el producto. Liquid Fence Co. no será responsable por ningún daño, directo ni incidental. El reembolso o reemplazo es nuestra única obligación.
